

I currently listen to KLOVE on 89.7 in Salt Lake City, Ut. I understand if this change is made, there is a real possibility I will not be able to receive this station any longer. There are no other radio stations in my area that are like KLOVE, which is a listener-supported Christian broadcast. This is the station that I, and most Christians I know listen to in our area. I am also a financial supporter of this radio station because of the impact they make on my community and communities around the country. They are spreading the Word of God and praying for specific listeners who call in. People not only in the Christian faith, but anyone can really benefit from the positive messages on KLOVE. I don't have to worry about my children listening to the music or the broadcasts because they are family oriented and encouraging. If this radio station were removed as a listening option, I know many people who would be affected and feel a great loss.
